

GREYHOPE BAY - DOLPHINS AT THE BATTERY

Travel Trade Information 2022

Located at the Torry Battery at the mouth of Aberdeen Harbour, with panoramic views over the city and coast, Dolphins at the Battery provides your clients with the opportunity to connect with our native wildlife, including seabirds and our charismatic bottlenose dolphins. Aberdeen is one of the best places in Europe to spot dolphins and is one of the few places where they can be seen year-round.

On site, the centre sits on top of a historic monument with a glass fronted viewing platform, a café, outdoor trails and ample parking. We offer experiences for private groups where they will learn about the local history and wildlife, and have the chance to spot dolphins and seabirds in their natural environment. As each season brings something different to see, these experiences are available year-round.
