# Foreword

## Welcome to the 2018 Guide

**Aberdeen City and Shire has always been a great location for golfers. The region's connection with the game goes all the way back to the very roots of the sport, with records showing golf being played on Aberdeen Links during the 18th century.**

It is great to see one of the sport's most prestigious championships being hosted in the north-east for the first time, with The Amateur Championship being played at Royal Aberdeen in June 2018. Having hosted the Scottish Open and Walker Cup superbly well a few years ago I am looking forward to such a wonderful venue holding what is such a historic competition. With The Open back on the east coast, just a few miles further south at Carnoustie, (another favourite venue of mine) then we look forward to welcoming even more visitors than ever before to the north-east.

The profile of this area amongst the wider golfing population across the globe

has really grown in the last few years. The hosting of tour events such as the Scottish Open and my own Match Play event at Murcar, as well as the arrival of the Trump International Golf Links course has really helped showcase what is on offer to visitors. Add to that a huge range of great courses set in one of the most beautiful parts of the world, and we have a lot to be proud of.

Regardless of where I am playing in the world, it is always such a great feeling to come back home to Aberdeen. I count myself lucky to live amongst one of the finest natural environments, with fantastic food such as Aberdeen Angus beef, fresh fish from Peterhead, Europe's biggest white fish port, or even a wee dram from one of the many malt whisky distilleries within easy reach of us.

Wherever you travel from, I am sure you will receive a very warm welcome in the north-east of Scotland. Please come, play some golf and experience the uniqueness that will make your visit to this part of the world truly unforgettable.

## Pro tip with Richie Ramsay

Aberdonian Richie Ramsay plays on the PGA European Tour. He finished in the top 10 in the British Masters in 2017 and made history, when he became the first British golfer in more than a century to win the US Amateur Championship. Here's his top tip for getting the most out of your irons...

2017 was a very consistent year with my tee to green game high in the statistics. My iron play was especially strong and as a Tour Pro, I obviously practice with the irons a lot. When I am on the range I will play a game where I split my practice into balls of 10 then three 'free balls'.

I work on a technique with 10 balls then put it into game situation with the three balls after. Using the 'freeballs' I pick a target, get a shot and focus

on hitting that. For example, right side of the flag on a green with water right of the flag. I picture a small fade from the middle of the green just left of the flag.

This will make your practice worthwhile, enhance focus, shows strengths and weaknesses. To make it better, why not challenge a friend or try and join a league at a driving range. It is a simple concept and pays dividends in the long run. There's nothing to lose.

# Aberdeen City

The historic game of golf is a Scottish invention and the good people of Aberdeen have been playing it, very successfully we might add, for hundreds of years. Aberdeen is home to the sixth oldest golf club in the world (Royal Aberdeen), and has played host to many great golfing tournaments. Take advantage of the fact that Aberdeen is only 60 miles from Carnoustie, host of The Open for 2018, and the perfect place to stay thanks to great road and rail links.

It's a vibrant, cosmopolitan city with a busy, historic harbour at its heart. People come from all over the world to soak up the city's architecture, museums, designer shops, restaurants and pubs, and you don't have to look far to find something to suit your taste. Here are some top picks for where to stay, play and eat in Aberdeen.

# Q&A

with

# Greig Hutcheon

Aberdonian Greig Hutcheon sealed the winning point for the GB & Ireland team against the US in the PGA Cup last year at Foxhills Club. Six-times winner of the Tartan Tour Order of Merit title and twice winner of the Northern Open and the Scottish PGA Championship, we find out more about the player in our Q&A...

**What was it like to sink the winning putt at the PGA Cup?**

Absolutely incredible. Best moment of my career and I will treasure it forever.

**Did you know the significance of the putt before you played it?**

Yes, I had a feeling as the crowds had grown and the Captain and Vice Captain of both teams had started to follow my match.

**When did you start playing golf and who introduced you to the game?**

I started playing golf when I was six or seven years old with the local golf pro at Banchory Golf Club - Douglas Smart.

**Favourite club in your bag and why?**

My putter because it is the scoring club. In a round of golf you can hit lots of great shots but if the putter doesn't work, you won't score well.

**How do you prepare for a round?**

I normally have a one hour warm up session before I play. I start with chipping and wedging, working through mid and long irons to then finally hitting woods. Then I work back down through the bag finishing with putting before I go to the first tee.

**Do you set goals for the season?**

Yes, always, although very rarely will the goals be – "I want to win this or that". My goals will be to achieve specific targets within the game of golf i.e. to putt better or drive the ball straighter, concentrating on fundamentals will hopefully bring results.

**Who is your golfing hero?**

Ben Hogan.

**What's the funniest thing that has ever happened to you in a golf round?**

My caddy walked off the course half way through a round while I was having a particularly bad hole and losing my temper. I had to caddy for myself for the remainder of the game. When I came off at the 18th hole my caddy informed me he needed a lift home and there was a bill for me to square up at the bar.

**After a game of golf, what do you do to relax?**

Relaxation time for me after a round of golf is a nice meal and a few drinks with family or friends.

**Do you play any other sport and how good are you?**

I have good hand to eye co-ordination so I can play a few sports pretty reasonably.

**What course in the world is on your bucket list that you haven't played yet?**

Pebble Beach.

**Dream Foursome?**

Ben Hogan, Jack Nicklaus and Tom Watson.

**Favourite course to play in Aberdeen City and Shire and why?**

Royal Aberdeen. It's a great old fashioned links and I made the cut here in The Scottish Open.

**Best piece of advice anyone gave you?**

It's never over until the ball is in the hole at the 18th.

## Rapid fire

- 1 Hitting a long drive or sinking a long putt? **Long putt**

# 2018 Amateur Championship at Royal Aberdeen

For the first time in its long history one of golf's most prestigious tournaments is coming to the North-east in 2018. The Amateur Championship is being played at Royal Aberdeen Golf Club on June 18th to the 23rd, with neighbouring Murcar Golf Club also featuring in the qualifying rounds.

Ronnie MacAskill, Director of Golf at Royal Aberdeen Golf Club says "We are thrilled to be hosting such an important competition. With the world's leading amateur golfers playing and the winner qualifying for The Masters in Augusta it is a big event. We hope that the region comes out in numbers and supports the Championship."

Amongst the list of past champions are 2017 Masters winner Sergio Garcia and 2013 PGA Champion Matteo Manassero. The 2017 36-hole final at St Georges Meon Valley coming back from four holes down with five to play to win against Australia's Dylan Perry.

The Championship was first contested in 1885 and it is fitting that it is to be played on the Balgownie links. Royal Aberdeen were one of 24 clubs to subscribe towards the cost of the trophy in its first year 143 years ago.

Ronnie continues "We are proud of the fact that Royal Aberdeen is the sixth oldest club in the world. Going back to 1780, the club has always encouraged the best players and the best events to come to Aberdeen. In the 19th century we hosted challenge matches with the likes of Old Tom Morris and Willie Park and then exhibition matches in the early part of the 20th century with golfing legends such as Walter Hagen and Densmore Shute".

The Balgownie course has received glowing praise in the last few years, appearing high in the rankings of the various golf media lists of top UK and World courses. It hosted a highly successful Scottish Open

in 2014, won by Justin Rose, following a memorable Walker Cup hosted in 2011.

Ronnie says "Although immensely proud of our heritage we remain committed to continuously developing the course, keeping it up to date with the modern game. Much of the credit for the magnificent course condition belongs to Robert Paterson, one of the best links course managers in the world. Having served his time in Dornoch, his arrival here has brought the course truly to the forefront as one of the worlds' top golfing venues. The Club in recent years has also employed one of the best 'links' architects in Dr Martin Hawtree to re-work several holes, as part of a programme of developing new green complexes. The course is an important part of the overall golf offer in the North-east. The region is now on a par with some of the more well known golfing areas in the country."

# Tour 18 North-East Style

Tour 18 in Houston is renowned for replicating holes from some of the greatest golf courses in America and putting them together on one course. So, here is our version of Tour 18 but for Aberdeenshire. Picked by Golf Pros from around the region, where they choose their favourite hole on any course but not their own.

Read on and find some of the best golfing holes in the area...

## 1 2nd at Braemar Golf Club – 369 yds. Par 4

Chosen by Gary Forbes, PGA Golf Professional at Murcar Links Golf Club

With the tee shot running parallel to the River Clunie tight on the right, it is a bit intimidating. Even after hitting the fairway, the second is to an elevated green 40 to 50 feet up. There is nothing but the green to stop the ball as everything falls off front, side, and back to the slopes that drop below.

[www.braemargolfclub.co.uk](http://www.braemargolfclub.co.uk)

## 2 7th at Duff House Royal – 451 yds. Par 4

Chosen by Greg McBain, Head PGA Professional at Newmachar Golf Club

A fantastic par 4 that requires a great drive and an even better second shot. One of the toughest in the North-east.

[www.duffhouseroyal.com](http://www.duffhouseroyal.com)

## 3 5th at Murcar Links Golf Club – 176 yds. Par 3

Chosen by Lee Vannet, Professional Craibstone Golf Club

This is a classic Par 3. Beautifully designed with nowhere to miss, you just have to hit the green. From the back tee it plays anywhere from an 8 iron to a 3 iron depending on the conditions. It is guarded on the right by a natural mound with fabulous greenside bunkers. If you tug your tee shot left, your ball will fall 30 feet down the gully and a difficult pitch lays ahead. Hit the green and walk off with a par.

[www.murcarlinks.com](http://www.murcarlinks.com)

Images Top - 2nd green at Braemar, Bottom - Duff House Royal

**4 12th at Banchory Golf Club – 183 yds. Par 3**  
Chosen by Greig Hutcheon, PGA Professional at Paul Lawrie Golf Centre, Inchmarlo

The first hole I'd choose is the 12th at Banchory a great par 3 185 yards, heavily guarded in an alcove of trees, plus a sloping green with a burn running completely across the front of the green!

[www.banchorygolfclub.co.uk](http://www.banchorygolfclub.co.uk)

**5 2nd at Duff House Royal – 451 yds. Par 4**  
Chosen by Neil Marr, Head Golf Professional, Meldrum House Golf Club

The 7th is a great hole with a lot of trouble down the left in the form of the Deveron river. I have taught many players from Duff House who fear this tee shot. I like the challenge of getting the ball on the fairway for the second shot as it makes the 2nd shot a bit easier than playing it from a bailed out shot to the 15th fairway! The green itself is a typical Alister MacKenzie raised green. Very difficult to try and hit with a long second. Really challenging.

[www.duffhouseroyal.com](http://www.duffhouseroyal.com)

**6 10th at Newmachar Golf Club – 356 yds. Par 4**  
Chosen by Michele Thomson, Ladies European Tour Professional at Meldrum Golf Club

Testing hole, risk and reward, water front of green. Very Tricky.

[www.newmachargolfclub.co.uk](http://www.newmachargolfclub.co.uk)

**7 5th at Cruden Bay Golf Club – 463 yds. Par 4**  
Chosen by Andrew Hooper, PGA Professional at Newburgh-on-Ythan

The views from the elevated tee are spectacular and it's an inviting drive. Longer hitters will have to be accurate as the fairway pinches in around the 250-yard mark. From a good drive, a long second shot will still be required to a semi-blind green protected by some nasty pot bunkers. A fall off area to the left of the green, and banks of thick grass await. The very long green has a steep fall into its narrow back portion, which makes a back-hole location particularly tough.

[www.crudenbaygolfclub.co.uk](http://www.crudenbaygolfclub.co.uk)

**8 7th at Stonehaven Golf Club – 159 yds. Par 3**  
Chosen by David Ross, Head Professional at Royal Aberdeen

A short hole by today's standards but that does not detract. You are exposed to the wind and elements of the North-east. So make sure you don't under club or your ball will likely meet a prickly end as it tries to reach the green which is over a large gully covered in gorse. A teeing area with views of the North Sea and Dunnottar Castle in the distance is situated next to where the original clubhouse was built. It requires the golfer to think carefully about club selection. The green is a small target surrounded by four bunkers but if a well struck shot gets there then a putt for birdie is often rewarded.

[www.stonehavengolfclub.com](http://www.stonehavengolfclub.com)

**9 8th at Royal Aberdeen – 147 yds. Par 3**  
Chosen by Jonas Hedburg, PGA Golf Operations Manager at Trump International

A fantastic links-style short par 3. The bunkers are the obvious hazard. However, the wind factor can play mind games. The previous 6 holes are played in the opposite direction, and into a prevailing westerly. Club and shot selection will test all your skills.

[www.royalaberdeengolf.com](http://www.royalaberdeengolf.com)

Images

Top - 8th green at Royal Aberdeen, Bottom - Cruden Bay

**10 18th at Trump International – 586 yds. Par 5**  
 Chosen by Neil Murray, PGA Professional at Cruden Bay Golf Club

It's a stunning finishing hole. One that makes you think about your shots all the way down to the green to avoid the many bunkers that are on the way.

[www.trumpgolfscotland.com](http://www.trumpgolfscotland.com)

**11 2nd at Newmachar Golf Club – 543 yds. Par 5**  
 Chosen by Chris Robb, Tour Professional at Meldrum House Golf Club

Really nice par 5 that requires a good drive to be in position to go for the green in two. Tree lined the whole way which provides lovely definition to the hole. It's a good distance so it's reachable for the longer hitter if they get a good drive away but the green is no hand out with bunkers protecting it.

[www.newmachargolfclub.co.uk](http://www.newmachargolfclub.co.uk)

**12 7th at Fraserburgh Golf Club – 165 yds. Par 3**  
 Chosen by Greig Hutcheon, PGA Professional at Paul Lawrie Golf Centre, Inchmarlo

Only 145 yards but guarded by two pot bunkers and a sloping green. Playing from an elevated tee it's a bonnie wee par 3 if you hit the green!

[www.fraserburghgolfclub.org](http://www.fraserburghgolfclub.org)

**13 13th at Cullen Bay Golf Course – 152 yds. Par3**  
 Chosen by Gavin Still, Assistant Professional at Duff House Royal

You must hit a blind shot, so you need to use your imagination which I find enjoyable. The green slopes back to front but the way you hit it is on its side. It's a fun challenge. Imagination can come in handy.

[www.cullenlinksgolf.co.uk](http://www.cullenlinksgolf.co.uk)

Images

Top - 13th at Cullen

Bottom - 7th green at Fraserburgh

**14 9th hole at Fraserburgh GC – 458 yds. Par 4**  
Chosen by Jonas Hedberg, Golf Operations Manager, Trump International Golf Links

A strong tight par 4 played into a prevailing wind from an elevated tee with great views of the sea. To stand a realistic chance of achieving a par on this hole, an accurate and long drive is required. This hole demands excellent ball striking skills.

[www.fraserburghgolfclub.org](http://www.fraserburghgolfclub.org)

**15 7th at Deeside Golf Course – 443 yds. Par 4**  
Chosen by Paul Girvan, Director of Golf/PGA Professional at The Kings Links Golf Centre

A truly challenging left to right dog-leg with a large 2 tier green. At just under 500 yds, this par 4 hole is a real test to the players long game. With the prevailing wind into the players face, most members walk off this hole quite happy when signing for a bogey 5.

[www.deesidegolfclub.com](http://www.deesidegolfclub.com)

**16 12th at Newmachar Golf Club – 425 yds. Par 4**  
Chosen by Jonas Hedberg, PGA Golf Operations Manager at Trump International

Scottish inland golf at its best. A deceptively difficult and beautiful tree lined hole. A premium on both distance and accuracy. However, positioning on the fairway off the tee is a must. The green is protected by two bunkers. If you are short there is a run off area to the right.

[www.newmachargolfclub.co.uk](http://www.newmachargolfclub.co.uk)

**17 17th at Royal Aberdeen – 175 yds. Par 3**  
Chosen by Greg McBain, Head PGA Professional at Newmachar Golf Club

Very demanding Par 3 that you can hit nearly every club in your bag to. Walk off with a 3 and run to the next tee.

[www.royalaberdeengolf.com](http://www.royalaberdeengolf.com)

**18 15th at Aboyne Golf Club – 339 yds. Par 4**  
Chosen by Gary Forbes, PGA Golf Professional at Murcar Links Golf Club

A relatively new hole on the golf course set in the trees. A dog-leg round a pond to the right requires a pin point position tee shot with an iron or a hybrid. You need to be firing uphill to the green where there are more trees surrounding to the left and a steep bank behind to the right. It's a hole with a nice setting. Short in length but if your concentration isn't correct you can get into a little trouble. Not a long hole but a favourite.

## BALLATER

Founded in 1892 as a nine-hole golf course, it was extended to 18 holes in 1905. To celebrate the course's extension and the creation of a new pavilion, a match was staged the following year between well known golfers James Braid and Harry Vardon.

A mixture of parkland and heathland. Ballater is a slightly undulating, medium length course. The ancient river terraces give the course a distinctive style and make for interesting play. For sheer scenic splendour the 414-yard, par 4, 11th hole takes some beating.

## BRAEMAR

*Situated at the foot of the majestic Grampian Mountains, 1,200 feet above sea level, Braemar Golf Club has the distinction of being the highest 18-hole golf course in Britain.*

Split in two by the River Clunie, this par 65, 4,935-yard course is tough for length as water plays a large part in 12 of the 18 holes.

The second hole is the signature hole. At 369 yards it sounds short, but the fairway lies between heavy rough and the River Clunie. The second shot is to a large elevated green making the hole play much longer than it looks. Despite its altitude the greens are of a high standard and the course is very popular with holidaymakers and golfing societies.

## CRUDEN BAY

*Originally designed by Old Tom Morris with help from Archie Simpson, Cruden Bay is a classic Scottish links course. Opened in 1899, its 18 holes are set against a backdrop of towering sand dunes and dramatic views of the North Sea.*

[www.crudenbaygolfclub.co.uk](http://www.crudenbaygolfclub.co.uk)

Cruden Bay creates unique challenges demanding the skills of power, placement and fine judgement of the discerning golfer. This championship course makes a big impression and its 6,287 yards have attracted golfers from across the world who have been keen to take on the challenge of one of the world's top 100 courses.

It is one of Scotland's hidden gems, where every hole provides a test and its difficult not to completely enjoy a round of golf.

## FRASERBURGH

*Founded in 1777, Fraserburgh Golf Club is one of the oldest clubs in the world. Redesigned in the 1920's by five-time Open Champion James Braid, Fraserburgh's 18-hole Corbie Course is an unspoilt, traditional Scottish links course.*

[www.fraserburghgolfclub.org](http://www.fraserburghgolfclub.org)

Set against the backdrop of the shimmering North Sea and substantial sand dunes that create an invigorating atmosphere reminiscent of how golf must have been more than a century ago, the 6,308-yard offers visitors a genuine slice of real Scottish golf history.

Wildly undulating fairways, sand hills, unpredictable winds, wonderful views and some truly spectacular holes make Fraserburgh a true adventure from the start to finish. In addition, the club also boasts the nine-hole Rosehill Course which is a splendid addition to its bigger links brother.

## INSCH

*The game of golf in Insch was first recorded before World War I, with the course being laid around Dunnydeer Hill. It was then moved to its present location around 1923.*

Located in the heart of rural Aberdeenshire, nestling between the distinctive peaks of Bennachie and Dunnydeer, Insch is a parkland course requiring accurate approach play and testing putts on large undulating greens.

The course at present measures 5,371 yards with a par of 69 (SSS 67) and has matured to provide a very good test for all classes of golfers.

The modern clubhouse at Insch is probably the most friendly you will come across in the North-east. Built in 2003 it offers changing facilities and administration offices on the lower floor and a cosy bar, dining facilities and entertainment area upstairs.

The large floor to ceiling windows provide an unrivalled panorama across the old course and up to Dunnydeer. The view at sunset is stunning.

## INVERURIE

*The Royal Burgh of Inverurie nestles in the heart of rural Aberdeenshire. It lives up to its motto: "Urbs in Rure" - Town in the Country.*

Inverurie Golf Club is a friendly members club. The clubhouse is attractively designed on two levels with a very pleasant outdoor veranda overlooking the first and eighteenth holes. We extend a warm welcome to visitors, corporate events and golf outings for whom a rewarding golfing experience and day-out is on offer.

The course, 5676 yards, par 69, features an initial gently undulating opening nine holes followed by a more testing and tight finish with broom, gorse and tree-lined mature woodland.

## MURCAR LINKS

*Playing Murcar Links is a truly memorable and rewarding experience where each hole offers its own challenge.*

Telephone: 01224 704354  
 email: golf@murcarlinks.com  
 Facebook: /MurcarLinks

[www.murcarlinks.com](http://www.murcarlinks.com)

Murcar Links has undergone alterations over the years, which has stretched the layout to 6516 yards. Originally designed by Archie Simpson and revised by James Braid, it is located on a classic stretch of links land with massive sand dunes, undulating fairways, and is covered in whins and heather with some magnificent views across the North Sea.

There can be some wicked bounces off the crumpled fairways and there are burns and the odd blind shot to contend with. The signature hole is considered to be the seventh – a 423 yard par four which is ominously called Serpentine. From a high tee, the drive is over a twisting burn with a ravine on the right and heavy rough on the left with towering dunes everywhere.

**Holes: 18 Par: 71 SSS: 73 Length: 6,516 yards (5,958m)**

## NEWBURGH-ON-YTHAN

*Newburgh-on-Ythan Golf Club was founded in 1888 on the Udney links and is set against a dramatic backdrop of the Ythan Estuary, the North Sea and the ever-changing dunes of the Forvie National Nature Reserve. It is situated midway between Trump International Links and Cruden Bay Golf Club.*

[www.newburghgolfclub.co.uk](http://www.newburghgolfclub.co.uk)

The course has enormous variety with every hole presenting a different challenge and great fun to play. The course was ranked as the number 32 fun course in Great Britain and Ireland by Golf World Magazine in 2013. A true hidden gem.

Welcoming to visitors, tee times are available throughout the week including Saturday mornings. The Club has a modern and spacious Clubhouse where a warm welcome awaits and golfers can relax and enjoy the spectacular views.

**Holes: 18 Par: 72 SSS: 72 Length: 6,423 yards (5,870m)**

## NEWMACHAR

*Located in rolling countryside on the outskirts of Aberdeen. Newmachar Golf Club is home to two exceptional 18-hole courses. Both courses were designed by Dave Thomas, with Hawkshill opening in 1990 and Swailend following seven years later.*

[www.newmachargolfclub.co.uk](http://www.newmachargolfclub.co.uk)

Despite its youth, Hawkshill looks and feels more mature than its age suggests, mainly due to the stately pine and birch trees flanking the fairways. With clever bunkering and water hazards coming into play in no fewer than seven of the holes, this is one of the area's toughest tracks.

Swailend is not as mentally challenging as its older brother, but its subtle contours, well positioned bunkers and testing greens present every standard of golfer with a challenge which should not be underestimated.

Although challenging, Newmachar provides two memorable golfing experiences.

**Hawkshill: Holes: 18 Par: 72 SSS: 74 Length: 6,717 yards (6,143m) Architect: Dave Thomas**

## PETERCULTER

[www.petercultergolfclub.co.uk](http://www.petercultergolfclub.co.uk)

Often referred to as the hidden gem on Royal Deeside, the 18 hole course is spread over several terraces and follows the natural contours of the river bank offering a fair test to all golfers. Over the years the course has matured very well and is kept in immaculate condition all year round, receiving praise from members and visitors alike. Players can't fail to be inspired during their round by the panoramic views of the Dee valley with the imposing Grampian Mountains in the distance.

Another attractive feature at Peterculter is the cosy Clubhouse where you will always find a warm welcome, especially for visitors. Come along and try it, you will not be disappointed.

Among the dunes and across the Craigewan Links the course is a classic example of Scottish seaside golf at it's best - and the toughest!

Peterhead Golf Club was established in 1841. The current 18 hole layout "Craigewan Links" began as a 9 hole course in 1892, designed by Willie Park Jnr a dual winner of the Open Championship and was extended to 18 holes in 1908. A second 18 hole course was established in 1923, however today it exists as a nine hole course, appropriately named the "New Course".

Take the opportunity to come and play the course and enjoy the warm and friendly atmosphere of the club. Groups and Societies welcome. Full catering and bar facilities for visitors. Advanced bookings required for large groups.

As well as hosting the Scottish Under-16 Boys Stroke-play Championship in 2013 the course has been chosen to host many local Golfing events including the 72 hole North-East Open and offers players the option of a gentle, but still testing, 5,757 yard, Par 70, SSS 68 course or for those who prefer a greater challenge play from our white tees lengthens the course to 6,449 yards, Par 72, SSS 71.

## CULLEN LINKS GOLF CLUB

*Old Tom Morris design with sea views.*

*Cullen Links lies midway between Aberdeen and Inverness on the Moray Firth coastal route.*

The present course is more than 100 years old with the same turf and soil of the classic links courses of the North East of Scotland. One of only 246 true links courses in the world. Cullen Links has the status of being the shortest of these. Nothing short about the holes themselves. A course that has more par threes than fours but every hole the same challenge and quality of the nearby championship links. Three hours of golfing history complemented by stunning rock features. Hotel overlooks the golf course and the Moray Firth.
