Continuing this route from Aberdeen, they can travel along 165 miles of coastline on the way to Inverness, or they can take the A96 and travel through malt whisky country.

They could take the scenic SnowRoads from Blairgowrie (or from Grantown on Spey if coming from Inverness) through the Cairngorms National Park and discover Royal Deeside.

From any of these routes, your clients can join Scotland's castle trail. You'll find product information for a range of castles including National Trust for Scotland, Historic Environment Scotland and privately owned properties in the 'Castles and Gardens' section of this guide.

Finally, they can follow the **North East 250**, a circular route taking in Speyside, the Cairngorms National Park, Royal Deeside, Aberdeen and the stunning coastline. You can find sample itineraries for the North East 250 [here](#).
